FEBRUARY NEWSLETTER.

Did you know?

February is the Shortest Month:

It's the only month with fewer than 30 days, usually 28, with 29 in a leap year, a change made by Julius Caesar.

February's birth flowers are the Violet and the Primrose, with some traditions also including the Iris, representing qualities like modesty, faithfulness, hope, and young love, fitting for the winter season when they often bloom. Violets symbolize humility and loyalty, while Primroses signify young love and new beginnings, and Irises embody faith and wisdom, all often in purple hues, matching February's birthstone, amethyst

Valentine's Day is a massive card holiday (second only to Christmas), linked to Roman festivals, with origins tied to Saint Valentine, and features traditions like heart-shaped chocolates (first made by Cadbury) and conversation hearts (once medical lozenges). Teachers receive the most cards, and it's a big day for romance, with millions of proposals, though it also has darker origins and even "Vinegar Valentines" used to discourage suitors.
